

# Advanced Molecular Sciences

## Master Degree in Advanced Molecular Sciences 2019-2020

The Department of Chemistry of the University of Florence offers a new Master course in Advanced Molecular Sciences to train and educate the next generation of chemists on the cutting-edge aspects of research in Chemistry of Materials and Life Sciences. The Master will provide all the skills required for an advanced career in the industry and in academic centers. All courses will be given in English. The course is addressed at all students with a BSc degree in Chemistry or similar, as detailed in the admission rules.

*Ten scholarships (10.000 euro per year to cover living expenses of non-local students) will be granted, after a selection, for the first 4 years*
